WORK EXPERIENCE

Zimpler AB

May 2023 – Present

Software Developer

Gothenburg, Sweden

- Zimpler is an account-to-account payments provider (zimpler.com).
- As a software engineer in the bank integration team, I contribute directly to the performance of the products.
 - **Key Results:** Enhanced integrations and optimized deposit flow, increasing acceptance rates by up to 30%, reducing session time by 20%, and reducing operation costs.
- Developed and maintained deposit, payout, and reconciliation integrations with banks in Brazil, Finland, and Sweden, supporting various standards like SEPA, PSD2, Bankgiro, and Plusgiro.
- Resolved issues with bank integrations, ensuring systems processed millions of transactions monthly.

Gamegrid, Inc.

Oct 2022 – May 2023

Spring Java Backend

Remote

- Implemented cryptocurrency and credit card deposits.
- Optimized Robux withdrawals, enhanced real-time notifications, and improved system observability.

Paymentology

Nov 2021 – Aug 2022

Software Developer

Remote

- Resolved issues with MasterCard and Visa integrations, ensuring millions of transactions processed daily.

Digital Commerce Intelligence

May 2021 – Oct 2021

Data Platform Engineer (Clojure Developer)

Remote

- Implemented data pipelines ingesting data from Southeast Asian e-commerce platforms for better analytics.

Rakuten Ready

Mar 2019 – Apr 2021

Clojure Developer

Remote

- Maintained APIs serving 34 million store visits per month, optimized SQL, data pipelines, and tests.

Khalibre Co, Ltd.

Jun 2012 – Dec 2018

Team Lead | Jan 2015 - Dec 2018

Phnom Penh, Cambodia

- Expanded the DEV team from 2 to 7, and designed technical solutions.

Workstream Leader | Apr 2013 - Jan 2015

- Established DEV and QA processes, and onboarding materials.

System Developer | Jun 2012 - Apr 2013

- Completed a performance management project and 4 other projects.

Various Companies and IT Positions

Mar 2011 – Jun 2012

- IMC Trading Cambodia Co, Ltd. (*Information Manager*)
- BM Solution (*Software Developer*)

EDUCATION

- B.S. Computer Science, 2007-2011, Dali University, Yunnan, China

SKILLS & INTERESTS

- **Skills:** Clojure, Go, Open Banking, PSD2, SEPA, Spring Boot, Docker, REST API, Web Driver, OAuth2
- **Interests:** DOTA2, Ed Sheeran, Game of Thrones, Food and Travel
